Game overview :

Digital Wave Studio and ITS On Mobile are pleased to announce the release of the game « Puzzle Kitchen » on the App Catalogue, for Palm Pre and Pre Plus (Pixi version to coming soon) !

Puzzle Kitchen is a 2D cartoon puzzle game with cooking theme. The game concept is very simple and addictive : Score as many points as possible before the end of the game !

In Puzzle Kitchen, the player is a young chef trying to become the best chef in Cooking City ! Nothing could be simpler : Just assemble identical food and/or make recipes, and you earn points and increase your chances of blow your scores.

Throughout the game one time gauge empties : when it is completely empty, the player's game over !

All the challenge of the game relies on speed of achievement points and management of the remaining time.

From level to level, the player will also get surprises : new foods and recipes challenges will be added in the menu, making the game more difficult.

Attention : as the player level up, the restaurant becomes more selective and therefore customer are more demanding, the time gauge will drain faster and make it harder to perform.
